## ADDITIONAL INFORMATION

---

I've been coordinating from my first year in several extra curriculum activities like essay competition , quizzes and also being a member of various committies during the fest of college , I can assure you that I have a good experience in leadership and program holding activities among engineering graduates from my college .I can take all responsibilities and can help the one to carry the process and I will help you to get the smooth execution of the program. I'm not a topper but as a class representative I lead the toppers ! So I have strength and capabilities to let any program run smoother and successful . Thanks
