

ODIRI STANLEY CHIBUZOR B.Engr, R (MNSE)

08066634128 | burzurstyl@yahoo.com

Dear Sir/Madame,

My name is **Engr. Odiri Stanley Chibuzor**. An Mechanical Engineer from University of Port Harcourt, Rivers State, Living in Port Harcourt, currently doing Industrial Automation Engineering Programme with Whiteline Technologies India - in view.

Currently working as a maintenance /ware handling Engineer with Glassforce Limited owners of Consol Group South Africa. Also, a member of Job Change team.

Though my years of professional work experience has certainly been challenging, I am now interested in similarly challenging work with more impact in oil and gas industry more especially in production facilities/ platform. I would like to bring my communication skills, creative problem-solving ability and my passion for hard work and good team player to fore, if giving the opportunity in your organization.

Please note that, I would welcome the opportunity to discuss the possible fit between my skills, the needs of your organization as well as accept opportunity to undergo training in order to fit into your organisation.

Sincerely,

Engr. Odiri Stanley C
