

AKSHATA SHETTY

URBAN PLANNING AND
ENVIRONMENT
GRADUATE
EXPERIENCED CIVIL
ENGINEER

CAREER OBJECTIVE

In a century that is marked by climate change and the ongoing quest for equality, the demand for sustainable development has been growing exponentially and it has especially grown in prominence as a discrete and identifiable effort for businesses around the world. With a keen interest in sustainable development and the the zest to learn and drive to perform, I am seeking an opportunity where I can utilize my skills and knowledge to bring about a delicate balance between the much needed economic growth and the conservation of our natural resources.

AREAS OF EXPERTISE

Research
Project Management
Project Coordination
Budgeting and Cost Analysis
AutoCAD, Illustrator and GIS

WORK EXPERIENCE

FREELANCE QUANTITY SURVEYOR

Jan 2021 - Present

As a freelance quantity surveyor, my main aim is to support the client and provide complete project estimates as per the guidelines. In a period of 4 months, I have worked with clients from different backgrounds and provided excellent service by submitting over 12 projects varying from industrial to residential.

JUNIOR QUANTITY SURVEYOR

Venture General Contracting LLC | April 2018 - Nov 2019

- Calculated correct costs for project-specific goods and services by gathering information from team members, sub-contractors and vendors.
- Delivered comprehensive bid proposals for residential and commercial projects and gained client approval on costs.
- Performed measurements for structural and architectural works to prepare cost estimates for projects.
- Worked with different vendors to select and source construction materials.
- Worked to maintain outstanding attendance record, consistently arriving to work ready to start immediately.
- Maintained excellent attendance record, consistently arriving to work on time.

TRAINEE

Prestige Group | Jan 2017 - May 2017

- Increased understanding of construction and development industry processes by assisting with estimation and site check up tasks.
- Maintained high levels of efficiency during training by taking detailed notes and asking questions.
- Shadowed senior quantity surveyor and project manager to learn all related jobs.
- Completed ISO documentation and reports for business records.

ACADEMIC HISTORY

RMIT UNIVERSITY

Masters in Urban Planning and Environment | March 2020 - Nov 2021

- Coursework in Strategic Planning, Urban Design and Spatial Thinking, Natural Resource Management, and Climate Change Responses
- Designed a cooperative eco-tourism model for Kenya in collaboration with international industrial partners.
- Designed a climate resilient neighborhood and presented to the city council.
- Designed solutions for challenges from a systems perspective for settlements in Honiara.

MANIPAL INSTITUTE OF TECHNOLOGY

Bachelor of Technology | April 2013 - May 2017

B. Tech in Civil Engineering
Focus on Environmental and Transportation Engineering
Under General Secretary for Sponsorship for MUN club
