B.Tech in Electronics and Communication Engineering

Muthoot Institute of Technology and Science

08/2017 - 06/2021

Ernakulam, Kerala, India

Higher Secondary Education

Gulf Model School

04/2015 - 03/2017

Dubai, UAE

High School

The Indian High School

04/2014 - 03/2015

Dubai, UAE

ACADEMIC PROJECTS

Mobile App Based Pesticide Detector
(08/2019 - 01/2020)

- Proposed a sensor system for pesticide detection in vegetables. The proposed method determines the pesticide residues in collected vegetable samples from both market and agriculture farms.

Automatic Fruit Sorting and Quality Analyzer
(08/2020 - 07/2021)

- Developed a system that starts the process by capturing the fruit's image using camera where the fruits were graded and then sorted as good and bad fruits with the help of the sensors and a motorized conveyor belt system.
