Professional Profile

A professional and diligent senior analyst with the experience of six years in the Crash and Safety attribute of the field CAE. Venturing the field of CAE as a Graduate Engineer Trainee I have proved myself as determinant corporate professional and currently performing the role of team lead for model build team in Asia Pacific region.

In the course of the years, I have delivered numerous deliverables with utmost quality meeting the client's requirements. I am proven with the ability to meet the expectation of the client by effective communication, building a new team from scratch by recruiting the required personnel working in tandem with HR department, providing the training for the recruited personnel and making them to handle the deliverables. I am a person who firmly believes that the growth of the employee should be carried along creating the growth for the organization.

Core Skills

- Business operations
- Communicating with client
- Delivering quality models
- Handling team
- Recruiting new personals
- Training for new projects
- ANSA/Hyper mesh Tool Handling
- Siemens Team center Tool Handling
- Microsoft Office Suite
