

AKASH ASHOK |Aircraft Maintenance Technician

akashasok93@gmail.com|+971 503184055 |U.A.E

Technical Experience highlights

☐ Fixed Wing Maintenance

Boeing737|EmbraerLegacy-650|ATR72-500|CessnaCitationCJ2|Airbus-320/319

1. Takeoff Techno Solutions-Jul 2017 – Oct-2021

- ☐ Pratt & Whitney Canada PW100
 - ☐ Use gauges and diagnostic tests to detect malfunctions
 - ☐ Repair or replace broken aircraft parts
 - ☐ Perform troubleshooting
 - ☐ Keep maintenance and repair logs
 - ☐ Use power and hand tools (cranes, grinders)
 - ☐ Ensure compliance with regional safety regulations
 - ☐ Carry out fault diagnosis & rectification of aircraft defects.
 - ☐ Advise Maintenance Supervisor of any defects found or suspected on an aircraft, engine or accessory that may compromise safety.
 - ☐ Undergone practical training on various systems fitted on Learjet 25 – B fitted with GE CJ 610 – 6 engines, Cessna 150JA aircraft, fitted with Lycoming (C90 8F) engine, Cessna Citation CJ2+ fitted with Williams international FJ44-3A-24 engines, P68C fitted with Lycoming –IO-360-A1B6 Engines.
- ☐ Monitored several fleet of aircraft maintenances schedules & coordinated with AME to complete the job within deadline time.

- ☐ Authored periodic 120 checks and maintained equipment and maintenance tools fit to use.
- ☐ Implemented quality results and concerning QSHE, coached peers and subaltern on safety matters.

Transferrable skills

- ☐ Trained on safety management systems
- ☐ People management skills with an ability to resolve conflicts
- ☐ Planning and organizing

Technical Skills

1. Working experience on developing Technical Publications for Overhaul Manuals, Maintenance Manuals, IETM, CIR manuals for Aero engine
1. Experience in reading and understanding engineering drawings

Previous Experiences

Aircraft Maintenance Technician | Jet airways | India

Line maintenance | documentation | Equipment maintenance.

Aircraft Junior Technician | Air Works India Private Limited | India

Summary and ambition

A. versatile and safety-focused professional with a can-do-attitude having 7+ years of work experience in aircraft maintenance on fixed

wing aircrafts & interpret information from engineering drawings and other engineering source documents

EDUCATION

- Aircraft Maintenance Engineering – Sha-Shib Aviation Academy | India| Mechanical Stream 2011 – 2014
- Higher Secondary - St. Michaels | India | 2011
- Secondary school - St. Michaels | India | 2009
