

MAHMOOD MORADI

Water Purification Chemist

ABOUT ME

I can contribute with effective and efficient work methods. My trick is to recognize what is important, and focus on that. My goal in life is to be useful to others, for me that is the ultimate success. What I value highest is the location, as I have wanted to go live in " Deutsch sprache Länder " for years. I can contribute with eagerness to learn, active participation and intensive focus. I have an unlimited passion for learning. The desire to learn skills that are useful to others drives and motivates me. I can contribute with leadership abilities. I tend to take charge in social and professional situations. I strongly believe that both my educational background and deep concern in this field of study (Applied Chemistry) make me a nice candidate for you. In conclusion, I like to say that I am eager to gain new experiences, improve my skills and my knowledge of the dynamic world. *A willingness to make progress, and promote oneself, and to achieve joint goals with you, is a plus
