OBJECTIVE

Seeking an exciting career opportunity in a progressive organization as a Front End Developer.

I'm a highly motivated, goal oriented, team player and I wish to work in the most challenging position with an organization that provides ample opportunities to learn and to contribute and achieve organizational goal.

WORK EXPERIENCE

FRONT END DEVELOPER

ScreenRoot

Oct 2021 -Present

- Utilized HTML, CSS, and Bootstrap to create visually appealing and responsive websites and landing pages.
- Implemented custom WordPress themes and plugins to meet client requirements.
- Incorporated jQuery for interactive and dynamic user experiences.
- Conducted rigorous testing and debugging to ensure optimal website performance.
- Collaborated with QA teams to identify and resolve issues promptly.

Team Management and Task Allocation:

- Led a team of front-end developers, assigning tasks based on individual strengths and project requirements.
- Ensured project timelines and milestones were met through efficient task allocation.
- Fostered a collaborative work environment, encouraging knowledge sharing and skill development among team members.

Client Interaction:

- Acted as a primary point of contact for clients, conducting regular walk-throughs to gather project requirements and provide updates.
- Effectively communicated technical concepts to non-technical clients, ensuring clear understanding and alignment with project goals.

Coordination with Project Managers:

- Collaborated closely with project managers to define project scopes, timelines, and deliverables.
- Provided technical insights and recommendations to help project managers make informed decisions.

UI/UX DEVELOPER

Webware.io

April 2019 - Sep2021

- Developing websites with HTML, CSS, and JavaScript using foundation framework.
- Implement websites and landing pages with a responsive, mobile-first approach.
- Taken up challenges and made a difference in the work flow in the company.
- Mentor junior developers.
- Bug fix, QA, and problem solve.
