

SULTAN SYED AHAMED KABEER

Electrical Engineer

Email ID: ahmedkabeer4@live.com

Mobile No: +971544356766

Web: <http://www.linkedin.com/in/ahmedkabeer4>

OBJECTIVE

A dedicated, hard-working person who is keen to learn new things, understand and progress in the given work environment with team spirit and self-motivation, is seeking a flourishing career.

ACADEMIC QUALIFICATIONS

B.E | Bachelor of Engineering in **Electrical and Electronics Engineering**, Anna University. (2014 – 2018)

CERTIFICATION SKILL

- AutoCAD 2015 – Vinzas Solutions India Pvt Ltd
- MEP(Electrical) – Dynamic Engineering Solutions

PROFESIONAL EXPERIENCE

Inspection Engineer | Tamil Nadu – Nov 2020 – Oct 2021

Phistream Consulting Pvt Ltd

Third Party Inspection for Indian Oil Corporations Ltd

Gained Experienced in Oil and Gas field

- Electrical Audit in the entire Retail Outlet.
- Inspecting the Electrical Safety in the Retail Outlet

Maintenance Engineer | Chennai — Jun 2018 — Aug 2019

Shanghai Indian Elevators Pvt Ltd.

Gained experience in field work from following areas

- Preventive Maintenance and Service of Elevators.
- Erection, Modernisation, Testing and Commissioning of Elevators.

PROFESIONAL SKILLS

- Updated knowledge of AutoCAD, MS Office packages & Relux
- Preparation of Lighting Design and Calculation
- Sizing of equipment's like Transformers, Cables, Circuit breakers, UPS, Battery and Battery charger sizing.
- Preparing power distribution network for the plant or a building through Single line diagrams (SLDs).
- Preparation of drawings showing the arrangement of how the electrical equipment's are arranged in the plant.
- Preparation of cable tray layouts, specifications for electrical equipment.

ROLES AND RESPONSIBILITIES

Electrical Auditor (Inspection Engineer):

Site Base:

In Electrical Systems:

- Estimation of entire load of the RO and phase wise
- Checking of electric panel or proper dressing, insulation rupture and loose connections, proper size of lugs & their proper crimping.
- Check for Quality of State electricity Board supply for voltage fluctuations,
- Checking suitability/sating of installed Voltage stabilizers & CVTs.
