- Improved marketing campaign efficiency by 33.2% through data-driven strategies and operational enhancements.
- Achieved \$0.05 million in cost savings by streamlining marketing operations and optimizing partnerships.
- Expanded market reach into 30 new territories within 18 months.
- Led digital advertising, content strategy, and branding initiatives to strengthen market presence.
- Designed and executed marketing campaigns for SaaS, Fintech, Blockchain, AI, staff Augmentation, and emerging tech industries. Oversee RFP responses, collaborating with technical, legal, and finance teams to submit winning bids
- Developed data-driven strategies to enhance demand generation and lead conversion.
- Developed and executed multi-channel digital marketing campaigns across Google PPC, Bing Ads, Meta (Facebook & Instagram), LinkedIn, and Twitter/X to generate high-quality leads and boost brand visibility.
- Strengthened brand positioning through strategic content marketing, SEO, email marketing, and thought leadership initiatives, resulting in a 30.4% increase in inbound leads.

- Launched data-driven demand generation programs, improving lead-to-client conversion rates by 40.4% within the first year.
- Spearheaded marketing automation, integrating CRM tools like Zoho, HubSpot, and Salesforce to optimize customer journeys and engagement.

#### **Freelance IT/Telecom/Contact Center Project Head**

**Jan 2020 – Aug 2023**

Led development of business units and long-term strategic sales and marketing plans, covering mobile apps, logo design, website development, gaming, animations, and corporate videos. Spearheaded and managed multiple start-up ventures in IT and telecom sectors, overseeing budgets exceeding \$1,000,000. Engineered and implemented CRM and ERP software solutions to automate customer requirements tracking across 120+ programs for 92,000 customers. Organized and executed various business projects, including Google Pay-Per-Click campaigns, call center setups, recruiting, payroll management, and promotional campaigns. Gathered and analyzed client business information through shadowing, interviews, surveys, and reports to identify operational weaknesses and areas for improvement. Assisted clients in implementing strategic plans, resolving discrepancies, and adjusting approaches to ensure successful outcomes. Developed and designed detailed business plans with strategic investments to achieve ROI and profits.

- Streamlined client operations and boosted efficiency through CRM and ERP software, automating requirements tracking for 92,000 customers.
- Formulated actionable recommendations based on data analysis, delivering clear, insightful reports tailored to client capabilities.
- Created a six-month strategic plan that helped clients achieve profitability between 150%-200% by focusing on targeted investments.
- Presented findings and practical advice to clients, ensuring alignment with their objectives and constraints.

#### **Regional Marketing and Sales Manager, Q Mobile Pakistan**

**Mar 2016 – Dec 2019**

Identified and cultivated new marketing partners for Q Mobile across Pakistan, managing long-term relationships with channel partners. Allocated and optimized monthly marketing budgets for key partners, collaborating on market potential assessments and developing Go-to-Market plans. Trained retail marketing staff, organizing workshops in collaboration with channel partners to boost product awareness and sales effectiveness. Designed and executed marketing promotions, including media campaigns, advertisements, ATL (Above-the-Line) and BTL (Below-the-Line) activities, coordinating with partners and internal teams. Reviewed and analyzed sales performance periodically, implementing strategies across retail channels to meet company targets. Organized marketing activities with vendors, key accounts, carriers, and principals for promotional offers and product launches. Partnered with company leadership to provide updates and support for various channel initiatives, aligning with corporate objectives.

- Increased market penetration by 35% through consistent monitoring and management of sell-in/sell-out activities across channel marketing.
- Gathered and forecasted critical competitor data, ensuring optimal lead times for product delivery.
- Strengthened customer relationships while maintaining high customer satisfaction, retaining and engaging existing customers.
- Enhanced sales effectiveness through retail staff training and collaboration with channel partners.
- Supported key partner sell-through efforts with carriers, generating detailed reports to facilitate top management's strategic decision-making.
